A Notice from the Board

Monthly Derby Weigh In times are:

9:00 am to 8:00 pm Saturday / 8:00 am to 2:00 pm Sunday

Awards Presentation 3:00 pm Sunday at Tournament Headquarters

Monthly Tournament standings are announced on Ch. 80 on the hour and updated when Muskie is registered

All CPR #'s must be shown in your window

Show Radio courtesy near and during announcements

ATTENTION

THIS WILL BE THE LAST **WARNING** WITH NO EXCEPTIONS

CUT OFF TIME TO JOIN A MONTHLY TOURNAMENT WILL BE **6PM ON FRIDAY** PRIOR TO THE TOURNAMENT

We had way too many late sign-ups. Please understand it takes man hours to compile the lists so the weigh master has proper accounting for all participants. Our Treasurer, Secretary, Book keepers, and Board members will not except late entries going forward. **DO NOT PUT THEM IN A BAD SITUATION** where they have to deny you or bend our club rules. This includes signing up on PayPal! If you do sign up on PayPal after 6pm, there is a good chance your entry will not be excepted and your big fish will **NOT** count!

FIGHT AGAINST SPEARING

Thank you Spencer Berman, Muskies Inc, and LSC Charter Captains for meeting with the NRC at Lansing Community College on June 14th. The NRC was presented our stance and the ecological impacts of a spearing season on a naturally reproducing lake.

We had the backing of the DNR fisheries division. This can and often changes the proposals when the biologists are on our side. We can not expect any other groups to be on our side. We did have good talks with all of the biologists that were present at the conversation and coffee meeting. We think everyone in the room understood that killing a fish on the DO NOT EAT DNR list makes little sense.

23RD ANNUAL MOMC CHARITY DERBY

The 23rd Annual MOMC Charity Derby is in the books. Tuesday June 19th proved to be the right day for 39 boats to hit Lake St Clair to raise money and awareness for the Grosse Pointe Harper Woods Community Chapter of Special Olympics and Sports Inc. A cold front blew in Monday night with some north east winds, but that did not deter our fisherman, business sponsors, and Olympians. The MOMC, GPYC, DAC, DYC, and LC came together as the premier boating and fishing clubs in Metro Detroit to bring the business community and our local chapter together to see who could land one of Lake St Clair's most sought after game fish, the Muskellunge. We had some great action and a lot of fun as the winds calmed to a perfect fishing day.

We do want to thank our prime sponsors Eric Woodhouse and Ameriprise financial, Roy O'Brien Ford, and White Glove Workshops. We had many more boat sponsors and raffle sponsors that supported this event. We listed these sponsors on the following pages. A special Thank you to Tricia and Pretty Hunter who donated women's gifts to all of our ladies at our local chapter. Delaware Funds and Pepperoni Grille for the Captain's Dinner. Alger Funds for their donation to dinner costs. We thank all of them for their donations and dedication to this cause.

We could not have put together this event without the help of the committee and the MOMC Board of Directors. Thank you Eric Woodhouse, Vince Brennan, Dale Hoelfeldt, Bill Schraeder, Ashley from the DAC, Barb from the GPYC, Alex the GPYC Harbor Master, Mark Kujawski and Chris Beck from Sports Inc for organizing this event. Thank you MOMC President Brad Smith, Jim Schiller and Tim Schwark for Raffles, Dave Clark, Lenny Baumgarten, Rich Maison, Dave Herschelmann, and Tony Virga.

The awards banquet was the extravaganza of the night. We gave away a smoker, Costa Sunglasses, and gas cards from Tom's Gas Dock at Miller Marina. We gave out a ship to shore from Mike's Marine and a gift card to Personalized Marine Maintenance. We raffled off a Yeti of cheer from Nautical Liquor and Goodfella's Lounge. We had a lucky winner of a 450 Bushmaster from Ruger and Golden Rod Give away of a 55" Smart TV. We had 2 packs of steaks from Wolverine Packing. Our general raffle table was loaded with prizes for all outdoor enthusiasts including donations from Ziggy Baits, Lapper Lures, and Charlie Brown Baits. Two Trucket Buckets loaded with Detroit River Outdoors gear made 2 fishermen very happy. Not many people went home empty handed.

The stars of the night were our Olympians. We had 6 participating on the fishing side and 25 Olympians, family and friends for dinner. Steven Kujawski, the Special Olympics record Muskie holder, gave a heart warming speech and thanked the crowd. We celebrated Chloe Fox and her

trip to Austria for the 2017 Winter Special Olympics Games. We had the pleasure to announce Laura Casey's trip to the 50th Anniversary Special Olympics Games in 2018. Phillip Rhodes was smiling the entire time and Ronny Alfred was stoked about his 26lb Tiger Muskie! Our Olympians and friends at the local chapter were all very appreciative of all the hard work that went into this event.

The MOMC thanks all the people, businesses, and clubs that made this event a success. We exceeded our \$10,000 pledge and will be happy to donate it for the next fishing, boating, basketball, racing, softball and tennis event our team is a part of.

THE WINNERS OF THE 2018 CHARITY DERBY WERE:

1st Place 52 5/8" Whopper Stopper Captain Matt "Catfish" Firestein
Angler Don June – Detroit Fire Department

2nd Place 52 1/2" La Bella Vita Captain Paul Carabelli
Angler Hugh Cairns DYC Rod and Gun Club

3rd Place 50 1/2" Medicine Man Captain Ed Pascua
Angler Natalie Bauer Pretty Hunter

Angler of the Year
Steven Kujawski and Laura Casey 49" aboard Mardi Gras
Ronny Alfred 26lb Tiger Muskie aboard Mary Megan

Nice Fish DFD and Whopper Stopper!

2nd Place DYC Rod and GUN

3rd Place Pretty Hunter

A great catch by Ronny Alford! 26lb Tiger Muskies

Steven Kujawski showing off his prize catch!

Laura Casey and Capt Dale posing with a great 49" muskie

Double header for Steven and Judge Callahan!

A NOTE FROM THE GP/HW COMMUNITY CHAPTER OF THE SPECIAL OLYMPICS

Eric and MOMC participants,

Families with special needs mostly stick together given their common bond of supporting the loved ones affected by the variety of issues that make every day 'normal' living somewhat of a challenge. We collectively foster an appreciation for life's simple pleasures that ultimately can be obstacles for others. We treasure the moments that can be conquered and approach those we can't with the realization not all were born equal. We ultimately accept that and view life not of what we can't do, but what we can throughout each individuals own life path.

And along that path, we are introduced to many surprises and pleasures we would normally look over. The simple things that are taken for granted become monumental boundaries, and also rewards. Through that every day journey we encounter some incredible people who although don't share the same bond as we do, through their kindness and support of helping others become part of our family nonetheless.

I want to personally thank you, MOMC and all those who participate in and support the incredible work you do. I know on the surface this is a fishing derby enjoyed by those with a true passion and appreciation for fishing. But in reality, it is so much more than that for those who for even throwing a line out in the water is another challenge or opportunity not readily afforded to them. To be a part of an event and witness a 'bunch of fisherman' express their support in the way you do and provide the athletes and their families such a wonderful and memorable experience while offering the opportunity to make life just a little bit better for all our group is one of the greatest moments, I as the president of GP/HW Community Special Olympics have participated in.

Your financial contribution is immeasurable for not only the amount, but more importantly the impact it will have in maintaining our local chapters ability to provide the opportunities and pleasures that allude many of our families' kids and adults. You and MOMC are truly members of our family, one which is far richer because of it !

We sincerely thank you for everything you do !

Chris Beck

Michigan Ontario Muskie Club

Presents the 10th Annual

Musk-E-Meet

Mission

"To take some of our Veterans and active duty out to enjoy a day of Muskie fishing on Lake St. Clair"

Sunday, Aug 19th 2018

Check-in time is 7:00am at Shores Club

Will return to the Shore Club by 3:00pm for weigh-in and lunch

Shore Club

200 Shore Club Drive

St. Clair Shores, MI 48080

Contact:

David Calcaterra and David Clark: Momclsc@gmail.com

Open to all service members who register!!!!

All you need is a 1-day Canadian fishing license (\$24). The club will provide everything else: guide, tackle, equipment, great food and a meet t-shirt!

This is a catch and photo release event.

Proudly sponsored by the Michigan-Ontario Muskie Club and:

Military Family Relief Fund

We would like to start a club directory of the businesses our club members own and classifieds. This will be a great service to provide answers to questions you have, services you need, and a name you can recognize. We will include Charters, Lure makers, Landscapers, home builders, electricians, boat repair, marinas, ETC. If you would like your service listed or a classified ad, please send your information to Woody at murdoc9595@comcast.net

CLUB Notes

Please be advised, the club's address is:
21817 Bon Heur St.
St Clair Shores, MI 48081

Please email pictures and label them to be included in yearbook (name, boat, size of fish) DIRECTOR@LSCMOMC.COM

We will have all store inventory on sale at the next meeting. We will be selling new MOMC gear!

Update your email address with us so you get a newsletter by emailing DIRECTOR@LSCMOMC.COM

PLEASE CONTACT A DIRECTOR IF YOU HAVE NEWS TO SHARE OR EMAIL MURDOC9595@COMCAST.NET

Members with Guests must notify a MOMC board member (President, VP Secretary, Treasurer or weigh master) or Registered on PayPal should be paid (if possible) before 8:00 a.m Saturday for the monthly derby.

You can follow club activities, standings, and photos on the Michigan Ontario Muskie Club Facebook page.

**** No Minimum Length in CPR ****

Please include the number for the weekend and 2017 in your picture. No transfer of fish from boat to boat for measuring purposes.

Join the club online through Paypal

Let um Go, Let um Grow...

Michigan Corner

NRC Recap, Minus CWD

By Ian FitzGerald, MUCC Policy Intern

This recap includes everything that MUCC felt was relevant at the NRC meeting last Thursday except for the topic of CWD. A more intensive and thorough release will include MUCC's take on the CWD proposal and what the organization likes or would like changed.

Bobcat regulations, squirrel season changes and financial updates were all on the agenda at Thursday's Natural Resources Commission meeting.

A decision was made by the commission to reduce the bobcat limit to one, with the exception of private landowners in the Upper Peninsula being allotted a bag limit of two.

The commission also took action on regulating the fisher and marten season to 10 days. There is also a combined bag limit of two for fishers and martens with an individual license, of which no more than one may be a fisher. The commission also extended squirrel season to include the whole month of March. The new squirrel season is now from September 15-March 31.

The DNR Fisheries Chief Jim Dexter presented a 2018 fiscal year budget of \$30.6 million before the Policy Committee on Finance and Administration. About 65 percent of the budget is for fisheries resources management, and 32 percent is going towards the fish production at hatcheries. Jim Francis from the fisheries division spoke about a proposal to allow muskellunge spearing on Lake St. Clair. The department has recommended not to go through with the proposal over concerns with a decline in muskellunge population and catch rates.

The DNR Wildlife Chief Russ Mason highlighted their budget of \$50.5 million for fiscal year 2018. In 2017, \$3.5 million was put towards disease management. There will be an increase to \$4.2 million for disease management in the 2018 fiscal year. There is a breakdown of 70 percent going towards chronic wasting disease, and 30 percent towards bovine tuberculosis. Erik Eklund outlined the 2019 DNR budget before the committee, which has been approved through the legislature and is awaiting the governor's signature.

The Michigan State Parks Advisory Committee got an update on the Belle Isle Strategic Management Plan. Belle Isle State Park has the most visitors of any state park in the nation — totaling about 4.2 million annual visitors. Total investments over the last three years to improve the satisfaction of those visitors has equaled about \$48 million. Looking forward, there are many construction projects to be completed or currently underway at a cost of over \$6 million, with much of the funding coming grants. These projects include storm drain repair, stormwater assessments, Iron Belle trail design, picnic areas, and a boating access site assessment, as well as invasive species control.

Oakland County is working with the DNR to create an off-road vehicle park near the Mt. Holly Ski and Snowboard Resort. This park would entail 130 acres of trails that was a prior gravel mining pit. The land that was acquired by the state in 2014 has a few more changes to undergo, and Oakland County hopes to have it ready by July of next year.

Club Member News

We started the 2018 season with 204 active members

Thank you to all of our captains who helped Keith Jones and the Ray Park Foundation. This is a good group of men and women who try to make opportunities for young people to hunt, fish, and learn wildlife management.

Keep Jack LaTour in your prayers after his accident.

Capt Chuck Smith is back on the water! Great to hear

Congrats to the Virga Family! Tony's daughter introduced her baby girl to Grandpa! That makes 8 Tony!

Guest members can be added at any time to your boat for convenience. You must report these guests to a board member or the weigh master and pay for these guest members at the awards dinner on Sunday. **All minors are guests of the club and cost nothing to bring on your boat. They DO NOT have to be related or part of your family membership!**

Tournament Corner

HOMER LABLANC TOURNAMENT

Well, mother nature sure put a jinx on the big fish this weekend! No, we didn't have a cold front, but the light wind and high humidity sure made it tough to find the big ones this weekend. We had some great numbers reported but the sizes were meek. We had a couple old dawgs come to the weigh master and an up an comer weigh in.

Thank you to Shore Club for hosting this great tournament which honors a man that helped put Lake St Clair and muskie fishing on the map, Homer LaBlanc. Homer is one of our Hall of Famers from the MOMC and an esteemed bait maker that revolutionized trolling for muskie. Thank you John Gallagher and the MOMC board for organizing the fish fry for a great Sunday meal.

This fishing was buggy and hot. The MOMC fleet was tuned and ready to find the pigs. Lake St Clair had other ideas...

1st Place Family Tradition 30.50lbs
2nd Place DownTime 30.20lbs
3rd Place 52" 28.3lbs

MORE FROM THE LABLANC

Heart Attack: First Aid

We are in the beginning stages of organizing a certified CPR and First Aid class that is American Heart Assoc. approved this Spring. We will keep you abreast of the time and date. This will count for USCG captain requirements and healthcare worker requirements.

[By Mayo Clinic Staff](#)

Someone having a heart attack may experience any or all of the following:

- Uncomfortable pressure, fullness or squeezing pain in the center of the chest
- Discomfort or pain spreading beyond the chest to the shoulders, neck, jaw, teeth, or one or both arms, or occasionally upper abdomen
- Shortness of breath
- Lightheadedness, dizziness, fainting
- Sweating
- Nausea
- A heart attack generally causes chest pain for more than 15 minutes, but it can also have no symptoms at all. Many people who experience a heart attack have warning signs hours, days or weeks in advance.

What to do if you or someone else may be having a heart attack

- **Call 911 or your local medical emergency number.** Don't ignore or attempt to tough out the symptoms of a heart attack for more than five minutes. If you don't have access to emergency medical services, have a neighbor or a friend drive you to the nearest hospital. Drive yourself only as a last resort, and realize that it places you and others at risk when you drive under these circumstances.
- **Chew and swallow an aspirin,** unless you are allergic to aspirin or have been told by your doctor never to take aspirin. But seek emergency help first, such as calling 911.
- **Take nitroglycerin,** if prescribed. If you think you're having a heart attack and your doctor has previously prescribed nitroglycerin for you, take it as directed. Do not take anyone else's nitroglycerin, because that could put you in more danger.
- **Begin CPR if the person is unconscious.** If you're with a person who might be having a heart attack and he or she is unconscious, tell the 911 dispatcher or another emergency medical specialist. You may be advised to begin cardiopulmonary resuscitation (CPR). If you haven't received CPR training, doctors recommend skipping mouth-to-mouth rescue breathing and performing only chest compressions (about 100 per minute). The dispatcher can instruct you in the proper procedures until help arrives.
- **If an automated external defibrillator (AED) is available** and the person is unconscious, begin CPR while the device is retrieved and set up. Attach the device and follow instructions that will be provided by the AED after it has evaluated the person's condition.

ATTENTION ANGLERS: NEW MUSKELLUNGE STUDY

DNR Lake St. Clair Fisheries Research Station and Lake Erie Management Unit

May 2016

Help needed for Muskellunge tagging study

In order to understand the movements and behavior of Muskellunge and their associated fishery within the St. Clair-Detroit River System the Michigan Department of Natural Resources is launching a new study. The first step for this study begins this spring when a small number of Muskies (~20) will be tagged during the DNR's annual spring egg take in the Detroit River. Each fish will receive an internal acoustic tag which is automatically detected by listening stations deployed throughout the region. An **ORANGE** external FLOY tag will also be attached below the dorsal fin (see photos below). If you catch a tagged Muskie and plan to release it: please **DO NOT** remove the tag. Please record the tag number and contact Jan-Michael Hessenauer at (586) 465-4771 ext 35 or email: hessenauerj1@michigan.gov. If you harvest a tagged Muskie please remove the acoustic tag (approximate location shown below) and report the tag as per above. Reporting of tagged fish is greatly appreciated and will maximize the benefit of this study to the management of fisheries in the St. Clair-Detroit River System. Thank you!

If you catch a tagged Muskie
and plan to release it:

-Please DO NOT remove the tag

Please Record:

-The tag number

-Location of capture

-Time of capture

Call / Email:

Jan-Michael Hessenauer

Michigan DNR

(586) 465-4771 ext 35

hessenauerj1@michigan.gov

A close up of FLOY tag attached under the dorsal fin of tagged individuals

Approximate location of internal acoustic tag (insert) and external FLOY tag of tagged fish

A close up of FLOY tag attached below dorsal fin

Rules and Regulations

Section V 5.2

During the 2 special events, Charity Derby and Musk-E-Meet, only. If a fish is caught that is eligible for Year End recognition and angled by a MOMC guest during the event hours, that fish may be registered in the captain's name and will be eligible for Year End, Top 5, LRR, or Captain's Open.

Keep the Lake Clean

Be a part of
the solution!

Eurasian Watermilfoil

Silver Carp

Aquatic Hitchhikers

Volunteer cleaning boat propeller
Ann Arbor

Invasive aquatic animals and plants are spreading at alarming rates by hitching rides with anglers and boaters. Whenever boaters leave a body of water without cleaning their recreational equipment, they may be transporting one of these harmful creatures from one lake or stream to another. A few invasive species are highlighted in this brochure.

ROUND GOBIES are bottom-dwelling fish that compete with native fish, like sculpins and log perch. They're also aggressive egg predators – feeding on the eggs of other fish, such as smallmouth bass and walleye, contributing to the potential decline of many valuable sport fish populations.

Round Goby

ASIAN CARP, including the high-jumping silver carp and the voracious bighead carp, pose a serious threat to native species.

Canals and other connections to the Mississippi River Basin could allow Asian carp into the Great Lakes. Boaters and anglers can do their part to avoid accidentally transporting carp eggs, larvae, and young in bilge water, livewells or bait buckets.

Silver Carp

ZEBRA and QUAGGA MUSSELS feed extensively on algae and plankton, thereby disrupting the delicate balance of the entire aquatic ecosystem.

Just because they make the water clearer by eating plankton doesn't mean they're good for lakes! In addition to changing the food web, the filter-feeding invasives build up contaminants in their bodies, which in turn, exposes other animals to higher levels of contaminants. They have been known to attach onto and kill native species of mussels. While zebra mussels can colonize any hard object, quagga mussels are far more versatile. They can live in colder, deeper water and thrive on a sandy lake bottom.

Quagga mussel

Zebra mussel

EURASIAN WATERMILFOIL, PHRAGMITES AUSTRALIS and PURPLE LOOSESTRIFE are invasive aquatic plants that also endanger our waters and wetlands. While they may look harmless, these plants can crowd out native plants and take over large areas quickly. Milfoil, a submerged plant, often gets wrapped around boat propellers. It's important to clean plants like Eurasian watermilfoil off of your boat and trailer because they can reproduce in new areas from a strand as little as two inches long.

Phragmites

Found Something Strange?

The Great Lakes Aquatic Non-indigenous Species Information System (GLANSIS) website is your one-stop portal for Great Lakes invaders. If you find an invasive species while boating or fishing, check GLANSIS first for:

- Identification information to verify if it is a native or non-native species.
- Fact sheets about invasive species impacts.
- Collection details: has this species been documented before in this body of water?
- Link to a reporting form to help scientists track the spread of aquatic non-native species.
- GLANSIS:
www.glerl.noaa.gov/res/Programs/glansis
