Action Alert | Tax Protection for Conservation Clubs

New legislation has been introduced in the Michigan House of Representatives by Rep. Jim Tedder (R-Clarkston) that would provide tax protection for qualified conservation clubs. House Bill 5109 would exempt real property owned by a qualified conservation club from collection of local property taxes, so long as the facilities of the club are open to the public for charitable, nonprofit purposes at least 55 days each calendar year, and the primary purpose of the club is to educate the public in conservation, hunting, fishing, firearm safety or archery, and the clubs may demonstrate their primary purpose through affiliation with a statewide non-profit with the same primary purpose.

This is a top priority of MUCC and we are asking our members to contact each legislative committee member to ask them to bring this bill up for a vote and say YES to HB 5109. Read along for their contact information.

Tournament Talk

2016 Spring Walleye Classic

Rules Review 6:30 – 7 pm

Fishing hours 6:30 am to 1:30 pm

Weigh in 2:00 pm on the dock @ NYC

Come early on tournament day because your boats will be inspected thoroughly. We will have donuts and coffee for all participants sponsored by Personalized Marine Maintenance and owner, Bill Schrader.

The NYC will be serving a great lunch after the weigh in and we will be awarding the trophy's sponsored by Ameriprise Financial.

We have some great raffles and prizes during the luncheon.

We look forward to seeing you this spring!

Heart Attack: First Aid

We are in the beginning stages of organizing a certified CPR and First Aid class that is American Heart Assoc. approved this Spring. We will keep you abreast of the time and date. This will count for USCG captain requirements and healthcare worker requirements.

[By Mayo Clinic Staff](#)

Someone having a heart attack may experience any or all of the following:

- Uncomfortable pressure, fullness or squeezing pain in the center of the chest
- Discomfort or pain spreading beyond the chest to the shoulders, neck, jaw, teeth, or one or both arms, or occasionally upper abdomen
- Shortness of breath
- Lightheadedness, dizziness, fainting
- Sweating
- Nausea
- A heart attack generally causes chest pain for more than 15 minutes, but it can also have no symptoms at all. Many people who experience a heart attack have warning signs hours, days or weeks in advance.

What to do if you or someone else may be having a heart attack

- **Call 911 or your local medical emergency number.** Don't ignore or attempt to tough out the symptoms of a heart attack for more than five minutes. If you don't have access to emergency medical services, have a neighbor or a friend drive you to the nearest hospital. Drive yourself only as a last resort, and realize that it places you and others at risk when you drive under these circumstances.
- **Chew and swallow an aspirin,** unless you are allergic to aspirin or have been told by your doctor never to take aspirin. But seek emergency help first, such as calling 911.
- **Take nitroglycerin,** if prescribed. If you think you're having a heart attack and your doctor has previously prescribed nitroglycerin for you, take it as directed. Do not take anyone else's nitroglycerin, because that could put you in more danger.
- **Begin CPR if the person is unconscious.** If you're with a person who might be having a heart attack and he or she is unconscious, tell the 911 dispatcher or another emergency medical specialist. You may be advised to begin cardiopulmonary resuscitation (CPR). If you haven't received CPR training, doctors recommend skipping mouth-to-mouth rescue breathing and performing only chest compressions (about 100 per minute). The dispatcher can instruct you in the proper procedures until help arrives.
- **If an automated external defibrillator (AED) is available** and the person is unconscious, begin CPR while the device is retrieved and set up. Attach the device and follow instructions that will be provided by the AED after it has evaluated the person's condition.

Rules and Regulations

Section III – Conduct of MOMC Members

- 3.9 - During any MOMC function, all members shall conduct themselves in an appropriate SPORTSMAN like manner, so as to bring a favorable impression on the MOMC. **Failure to do so may result in penalties determined by the MOMC Board of Directors.**

We would like to remind our members that they are always, especially at an MOMC event, representing the MOMC flag. We will not tolerate cheating, unsportsmanlike behavior, intimidation, or coercion.

Sportsmanship is an aspiration or ethos that a sport or activity will be enjoyed for its own sake, with proper consideration for fairness, ethics, respect, and a sense of fellowship with one's competitors.

Thank You,

2016 Board of Directors

Rules & Regulations

1. All participants agree to accept ALL decisions made by a three judge panel.
2. All boats must pass inspection, prior to tournament start. Boats will be inspected in the water, at the Detroit Yacht Club, from 5:00 – 6:15am. After inspection, the captain IS required to sign in for their crew, with the MOMC inspector, and pick up your fish tags. Teams NOT signed in or have NOT tagged their fish, will NOT be eligible to register their catch.
3. Shotgun start at 6:30am from DYC. Fishing hours are from tournament start until 1:30pm, May 1, 2016. All captains must be in line AT the official MOMC Weigh Station (DYC), no later than 2:00pm, with your five (5) tagged heaviest fish. Late arrivals will NOT be eligible to register their fish. NO EXCEPTIONS.
4. All fish must be caught between 6:30am and 1:30pm on May 1, 2016 in order to be eligible. Your fish must be fresh and tagged with the tags provided during inspection, in order to be entered. (Alive and breathing would be helpful!!) The three judge panel will determine the freshness of all fish turned in. We are promoting catch and release of any walleyes entered, if you are able to ensure a safe release please help grow the population.
5. Only one (1) angler limit of five (5) walleye will count towards your team's official registered catch. Culling IS permitted during fishing hours. Walleye must be 15" or longer to be eligible, in the interest of conservation & preservation.
6. All waters of the Detroit River are open for fishing, during the MOMC Spring Walleye Classic. Specific boundaries are waters West of the Lake St Clair 35ft Racon Light, and North of the Green D33 Channel Marker at the mouth of Lake Erie. (Yes – Sturgeon Hole is open to fishing!!!)
7. The amount of cash prize is dependent on the total number of entries, minus the total expense of the derby. The heaviest registered catch wins the grand prize. Pay outs for 1st, 2nd, & 3rd places will be awarded. The heaviest single walleye will be used as tie breaker for heaviest registered catch.
8. The Calcutta for the largest single walleye will be determined by WEIGHT. Tie breaker for the Calcutta will be determined by the longest length of the heaviest walleye.
9. Only legal means of angling may be used to harvest walleye, as identified by the MDNR & OMNR.
10. The tournament committee reserves the right to inspect and/or dissect any walleye which is suspected to have been fraudulently enhanced, by any method. Enhanced fish WILL result in immediate team disqualification, and loss of all entry fees.
11. ALL tournament participants must conduct themselves in an appropriate sportsmanlike manner, so as to bring a favorable impression on the MOMC & DYC. Failure to do so could result in disqualification from the tournament.
12. Protests must be written, signed and presented by the Team Captain, along with a \$100 "No BS" retainer. Protests received must be submitted no later than 15 minutes after closing of the scales. Retainer will be returned IF the protest is found to be valid. Otherwise, retainer becomes property of the MOMC general fund.
13. Any tournament participants found in violation of the above rules can be disqualified from the tournament.

NOTES:

MOMC Derby Control will monitor VHF – Channel 80.

Participants ARE allowed to have their legal limit of walleye, per angler, in possession. Please keep these separate from the five (5) fish you plan to enter.

All registered walleye will be fin clipped, after being weighed, to prevent trade offs.

In keeping with an era gone by, we believe and you agree, to accept all liability for everything concerning you. Your crew accepts liability for themselves and the organizers accept responsibilities for nothing.

Thanks for participating and good luck fishing!!!

Keep the Lake Clean

What can you do to keep our lake clean? As we finish the year. Be aware of litter in the lake, marinas, and launch sites. We know it's never easy cleaning up after someone else, but this is our lake. We fish this lake and we as locals, have to police our lake.

- Keep an extra garbage bag on your boat
- Use your nets to extract floating junk from the lake.
- Troll to a floating balloon and get it out of the water.
- Don't let empty cans or wrappers sit on your deck, they will fly out eventually.
- Don't throw snagged junk back in the water.
- Clean up your slip and the surrounding waters.

These few tips can make a difference.
